From the Counseling Director:

Paula Whitaker, M.Ed., MAPC, LPCI,
Administrative Director and Founder

Ms. Whitaker has devoted her professional career to working with children, families and adolescents in private and public educational settings for over 32 years. She was the founder of 3 Private and Christian Schools (NW Montessori School, Tomball Christian Academy, and Champions Christian Academy) as well as worked in public schools for 23 years. She is pleased to be back in the Tomball area once again. She loves working with women, adolescents, and parents, as well as children in the Play Therapy environment. Her God-directed goal is to provide professional counseling services from a Christian perspective to clients in the community, Churches, and schools in a safe, security Christian environment.

MISSION STATEMENT

To provide counseling services, psychotherapy and Christian counseling with a commitment to excellence, honesty and integrity in a professional, loving and accepting environment.

C.C.C.C. will minister to the whole person by addressing emotional, spiritual, physical, cognitive and social needs in the light of Christian values.

Discover . . . God's Champion in You!!!

OUR PHILOSOPHY

We believe each person is a unique creation of God and was created to have a personal and meaningful relationship with Him, as well as with others. We believe that each person should be treated as an individual, and our goal as a Christian ministry is to work with each person with respect, care and Christian love.

Play Therapy for Children

Champions Christian Counseling Center offers a special environment for children in the "Children's Play Therapy Cottage". Play therapy provides a safe avenue and place for children to express themselves freely in a manner most natural to them, through PLAY. Children can and do learn through PLAY, and they can GROW and CHANGE BEHAVIOR through play also. Many issues can be worked out through play therapy. Play is basic to the development of a child's physical, emotional, social, cognitive, and spiritual well being.

EDUCATIONAL CONSULTATION

Sometimes children experience challenges in the learning environment. Struggles with ADHD-ADD, learning disabilities, and special services can be frustrating and overwhelming. CCCC can assist parents and children by helping them to define and utilize resources to address these issues.
